Soalheiro Primeiras Vinhas 2014

◀ 🇵🇹 Northern Portugal White ▶

Dry white table wine (distinct from white Port) is not very prevalent in northern Portugal except for the well known wine Vinho Verde. Made from the grapes Alvarinho, Loureiro and Trajadura, Vinho Verde (literally "green wine") is fresh, vibrant, and zesty. Increasingly, however, northern Portugal makes refreshing Loureiro blends (often with the grape variety Arinto), as well as modern wines made from Chardonnay and other well known white varieties.
